

CAMPBELLFORD/SEYMOUR COMMUNITY FOUNDATION

a living legacy rooted in the community

Revitalization of Kennedy Park!

Like the public utility from which the Campbellford/Seymour Community Foundation was born, we take a long term view of improving the quality of life in our community. Over the past five years we have provided over \$1.4 million dollars in grants for a wide variety of projects. Given the recent volatility of financial markets, we are shifting our focus to protecting our endowment capital and we will be decreasing the number of grants we issue in the coming year. Revitalizing Kennedy Park provides an ideal project for community collaboration and leveraging resources.

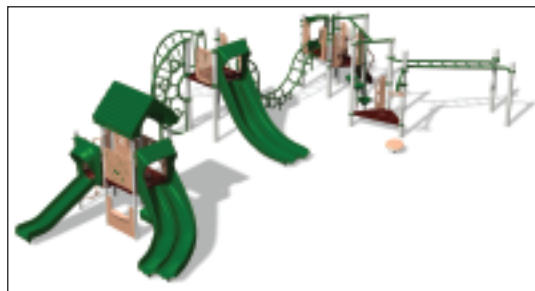

Landscape Concept Plan By: Basterfield & Associates

A number of community organizations and the Municipal government are collaborating on a plan to revitalize Kennedy Park. With the leadership of the Skatepark Group, the plan is to build a concrete skateboard park like the very popular Madoc project. There are also plans to include a new splash pad and playground.

We are asking community members to "rally around" this youth inspired project and provide an individual donation. Project 1 of the Kennedy Park Revitalization (building a skateboard park), is estimated to cost \$300,000. The Campbellford Skatepark Group has raised \$120,000 towards this project. Your participation is critical to complete the financing for this new recreation possibility. We need to raise \$80,000 from individual donations. The Campbellford/Seymour Community Foundation and the Municipality of Trent Hills will match donations to a maximum of \$50,000 each. For example: When you donate \$20, it would be matched by \$20 from the Municipality and \$20 from the Community Foundation. Therefore, your donation becomes a gift of \$60.00. A tax receipt will be issued for donations of \$20 or more.

PROJECT 1
Phase I
\$200,000.00 and
Phase II
\$100,00.00 for
Skateboard Park
Conceptual Design

LANDinc.

PROJECT 2 - \$50,000.00 for Playground
Conceptual Design provided by ABC Rec.

PROJECT 3 - \$250,000.00 for Splash Pad
Conceptual Design provided by ABC Rec.

Campbellford Gymnastics Club - A Fond Farewell

Left to Right: Sharon Vanden Tillaart, Kim Dafoe, Bev Meyers and Marion Seguire

In 1975, Marion Seguire and Gwen Carlaw started teaching gymnastics through the Recreation Department and in 1983 formed the Campbellford Gymnastics Club. After 30 years of coaching Marion Seguire, Bev Meyers and Sharon Vanden Tillaart have decided to retire from the Campbellford Gymnastics Club. Due to the lack of coaching staff, the Club could not continue and sold their equipment and had **\$4,500.00 to donate to the revitalization of Kennedy Park.**

"It has been a local home grown program for 33 years" said Marion Seguire, "which will now assist a new recreation project in our community." Bev Meyers added, "by leveraging their donation with the possibility of matching grants, the revitalization of Kennedy Park will be a win, win situation for the youth and a legacy for the Campbellford Gymnastics Club".

Thank you to the Campbellford Gymnastics Club for their generous donation and lead gift.
